Please note that the A303 will be closed between the Hazlegrove and Podimore roundabouts over the weekend of 13-16 May. During the closure clearly marked diversion routes will be in place via the A359 and A37. Please allow extra time for your journey if you plan on using this route.

Car Parking

Please avoid parking in Stourhead's main Visitor Car Park.

You will need your bike, helmet, bike shoes, run shoes and any additional items needed for the bike or run.

Make sure you take some time to look at the entrances / exits and make a mental note of where your bike is racked.

This area is restricted to competitors only.

Drinks

There will be no drink stations on the bike or run courses so please ensure that your bike is fitted with bottle cages so that you can carry enough water for the bike course, you may also wish to leave a drink in transition.

Swim - Start at 17:00 prompt

There will be a short lakeside safety briefing at 16:45 which is important for you all to hear. The lake is approximately 500m from transition, please leave sufficient time to get to the briefing.

The route from the swim is on a mix of tarmac, grass, and gravel paths. You are advised to consider an additional pair of old shoes or flip flops which you may leave at lakeside to aid the run from the swim exit to T1. They should be left neatly alongside the path or left with a friend or supporter.

The swim entry will be via a floating pontoon. This is also the exit point.

There will be a mass start in the water, signalled by a klaxon horn. The route is one lap in a clockwise direction, marked by large swim buoys.

Should you experience difficulty, please roll on to your back, and raise your hand and one of the Water Safety team will attend. No backstroke is permitted.

On leaving the water, it is permissible only to remove your wetsuit to your waist before making your way to transition. **Swim cut-off time is 45 minutes.**

Transition - T1

Entry into T1 will be clearly marked and marshalled. Locate your bike. **You must put your helmet on and fasten it before you remove your bike from the rack.**

Ensure your race number is clearly visible to the rear.

You may take as long as you like in transition but bear in mind the clock continues to run.

Leave transition and push your bike to the bike course.

Bike Course

The bike route is one single loop and ridden in an anti-clockwise direction.

You must put on and fasten your helmet before removing your bike from the numbered rack, then push your bike until you reach the Mount Line.

Stay on the road ahead, unless directed otherwise by Cycle Route arrows. Marshals should be at each direction change.

Should you see a fellow competitor in difficulty, please relay this information to the next marshal or Raynet Radio operator.

A sweep bike / support vehicle will accompany the final competitor.

The route is on open public roads, so please obey the rules of the road.

Drafting is not permissible. Please avoid riding within 10m of the rear wheel of the rider in front of you. You have 15 seconds to overtake another rider. Any reported drafting may be punished by exclusion.

The route will be checked, but due to the rural nature of the route, please expect the unexpected. Potholes, surface changes, mud etc are all a possibility.

On returning to Transition, please dismount at the line and push your bike to your numbered racking location before removing your helmet.

Bike cut-off time is 2hrs 30mins from race start time - 7.30pm
